Questions?

If you have questions regarding judging for JSHS or MSSEF please contact Ally Milenkovic at allymilenkovic@mnmas.org

The projects and explorations of our participants will inspire you. Many of our young scientists spend hundreds of hours researching their projects and papers to prepare for these competitions. The generous donation of your time opens doors for our students to new scientific thinking, educational pathways, and industry professionals in their fields of interest. Thank you for your time and consideration!
